1 my memset

Files to submit:

- my_memset/my_memset.c
- my_memset/my_memset.h

Authorized headers: You are only allowed to use the functions defined in the following headers:

- assert.h

1.1 Goal

You must implement the following `my_memset` function :

```c
void *my_memset(void *s, int c, size_t n);
```

This function must have the same behavior as the `memset(3)` function described in the third section of the man.

It is my job to make sure you do yours.
